HAPPY INTERNATIONAL DAY OF THE MIDWIFE

Saturday 5 May 2012

The International Confederation of Midwives (ICM) led the celebrations for International Day of the Midwife, Saturday 5 May. The message from the ICM is that: **MIDWIVES SAVE LIVES.**

Every year over 350,000 women and over 800,000 newborns die as a result of preventable maternal causes. Each year more than 3 million babies die before they are one month old and more than 7.6 million children die before the age of 5. Every year 48 million women give birth without the support of someone with recognised midwifery skills. Millions more suffer infections and disability. Families are devastated. The ICM wants every woman to have access to a midwife's care. The evidence shows that it is the most effective way to reach the Millennium Development Goals 4 and 5 targeted at reducing maternal, neonatal and infant death worldwide. HAPPY INTERNATIONAL NURSES DAY

Saturday 12 May 2012

Happy International Nurses Day to all the wonderful nurses across the Commonwealth who work so diligently and with such commitment in sometimes very difficult circumstances to provide nursing care to those who need it. IND is also an opportunity to remember the wonderful legacy left by the remarkable Florence Nightingale. To learn more, visit: <http://www.nighworld.net>.

JUBILEE TIME CAPSULE ... closes 6 June ...

Time is running out! Let us make sure that there are plenty of stories from nurses and midwives from across the Commonwealth.

Share your story with the Queen as she celebrates her Diamond Jubilee in 2012; 60 years as Queen and 60 years as Head of the Commonwealth.

Taking part is easy: just pick a day in the last 60 years and say why it is important to you. Use photos, videos, words, songs, poems ... whatever you like. It's up to you - it's your story! Remember, it is a Commonwealth capsule, so stories must be about life in a Commonwealth country, or events that have impacted on the Commonwealth. The best stories will be given to her Majesty the Queen as part of the Diamond Jubilee celebrations in 2012.
